**Julia Kardogeros** - Being a excellent participant in the Science Show.

---

**PRINCIPAL’S AWARDS**

**Ryan Skurrie** - Outstanding manners & participation during Lightening Premiership.

**Eloise Clarke** - Outstanding participation during Lightening Premiership.
Hello everyone, I hope that you all have had another spectacular week. It has certainly been a very cold, damp and muddy week here at St Peters. It has been fantastic to be able to get out this week with several exciting excursions involving our students.

Lightning Premiership was on Tuesday the 18th June at Nhill College. Our senior students were all involved in this carnival playing either Football, Netball or Minkey (Hockey). We have been training regularly at school and several times with the students from DPS. Our students were mixed with DPS boys and girls so that we could have full teams in some of the sports.

Everyone had a great day full of activity and exercise. Many students would have slept very well Tuesday night, with several dozing off as soon as we got onto the bus to come home. Ms Dwan and I were particularly proud of how well-mannered and sensible all the boys and girls were. It is always good to get out and interact with other schools and students. Thank you to the staff and students from DPS for the way you accept our students into the teams and include us in all opportunities.

On Thursday this week all staff and students travelled into HTLC by bus to watch this year’s production of ‘My Son Pinocchio Junior’. Students ate recess at HTLC and were able to stretch their legs before going in to watch the show.

Our students always look forward to Holy Trinity’s musical each year. We appreciate the invitation to be part of the audience.

Our P-2 sleepover is on tonight!! All students in P-2 headed into Horsham today by bus and spent the morning at Apex Adventure Island having great fun on the playground. They then went to Ten-Pin bowls and played a game together, ate a delicious hot food lunch before having a great time jumping around at inflatable world. They then came back to school for dinner and their overnight stay. Thank you to parents for getting notes in and packing plenty of warm clothes and bedding for this exciting sleepover. All students will need to be picked up on Saturday morning promptly at 8:00am.

Have a safe and Blessed Weekend,
Yours in Christ,

Tim Reimann
Caretaker or destroyer?

When I look at the sky, which you have made, at the moon and stars, which you set in their places—what are human beings, that you think of them; mere mortals, that you care for them? Yet you made them inferior only to yourself; you crowned them with glory and honour.
(verses 3-5)

Read Psalm 8

Like Genesis chapter 1, this psalm shows that human beings were created to be the pinnacle of God’s creation. They were created to live in harmony with him, with other human beings and with creation itself. They were created to look after and manage creation for God.

And haven’t we done it well? Thousands of God’s animals are now extinct. Enough trees are cut down in the Amazon basin each day to provide enough oxygen for large cities. Soils are leached and eroded, some becoming so salty as to be unusable. In less than two hundred years we Australians have turned much of what was fertile country into desert—with some help from rabbits and sheep.

No animal would ever set about systematically to destroy the only home they have. Yet we seem hell-bent on doing that.

Yet God has not given up on us. He still sees us as being worth saving, to be restored to be what we were always meant to be. He does this in Jesus. Creation groans as it waits for us all to be saved, so that it too can be delivered.

Father, I praise you, for I am wonderfully made. Help me to be the manager of creation that you meant me to be, and which I can be in Jesus. Amen.
We are collecting the Earn & Learn stickers. We have a collection box at Woolworths & in the office.

**Missing Uniforms**
Several families are missing bomber jackets and other school uniform items. All are marked with their names. Can you please check all your child’s school uniforms to make sure you have the correct ones.

We urge all parents to label all uniform (including pants and shorts) and encourage your child to check they have the correct items at the end of each day.

**School will finish at 2.15pm on Friday 28th June. The last day of Term 2.**
Girl Guides 2019

School Holiday Fun

Games, Dance, Cooking, Craft & Girl Stuff

Cost $5, Dimboola Girl Guide Hall
Girls 7 yrs & over welcome!
BYO lunch & drink-er bottle

Fri 12th July, 11am - 3pm

Leaders: Elisha 0499 555 695, Sarah 0400 064 682
Thanks for all your support! Don’t forget to get your stickers in before the end of the month.
Crocodile's are about
I'm going to tell you about crocodiles. Crocodiles are
reptiles. Crocodiles can
hold their breath for 6 hours.
Crocodiles 9005 there take to move
in the water. Crocodiles go
under the water to sneek up
at their prey. Crocodiles look
dinosaurs. Crocodile's have
80 teeth. Crocodile's have
such. I hope you learnt a lot
about crocodiles. Fantastic!

By Chelsea Elliott - Year 1
Crocodile

Crocodiles can lie in the water for 6 hours. Crocodiles can live in the water for 6 hours. People use crocodile skin to make shoes.
